Adjourn:

paid on or before the 15th day from the date on which due and payable, this five percent (5%) surcharge will be eliminated and such consumer will pay only the amount of bill or bills as calculated upon the base rate. (1971 Code, § 13-206, modified)

18-108. Water tap fees outside the corporate limits. All water tap fees outside the corporate limits shall be furnished under such rate schedule as the city may from time to time adopt by appropriate ordinance.¹

18-109. Water tap fees inside the corporate limits. Water tap fees inside the corporate limits shall be furnished under such rate schedule as the city may from time to time adopt by appropriate ordinance.²

18-110. City responsibility for water leaks. (1) The City of Covington shall be responsible for the maintenance and upkeep of the service line from the main to and including the meter and meter box. The remaining portion of the service line beyond the meter box shall belong to and be the responsibility of the customer.

(2) Leaks and breaks on private service lines on customer's private property shall be their sole responsibility. The city water department will extend its cooperation to the customer by notifying him either in person or by leaving a note on the door explaining where meter shows excessive or abnormal water usage and that a private plumber will be required to check the source of the water leak and make repairs.

(3) Customers will be billed for water that goes through the meter; however, the sewer bill may be adjusted to eliminate that estimated portion of water leak that did not go into sewer. (1971 Code, § 13-210, modified)

18-111. Level billing plan for water and sewer customers. Notwithstanding any other provisions of this code for billing utility customers, the City of Covington is hereby enabled to offer a level billing plan to such customers which would permit each customer to pay a fixed amount, that is, one-twelfth (1/12) of a year's estimated utility billing based on the previous twelve (12) months experience, plus any projected increase in cost. The twelfth (12th) month bill would reflect a reconciliation of the estimated and actual bill. (1971 Code, § 13-211, modified)

18-112. Water and sewer main extensions. Water service lines will be laid by the municipality from its main to the property lines after the payment of a connection or tap fee. The location of such lines will be determined by the
